

COP9 signalosome Protein folding, Prefoldin

Protein folding, TriC Proteasome, 26S ATPase Ribosome Actin cytoskeleton Myosin cytoskeleton Proteasome, 26S non-ATPase mito. 28S ribosome ETC, complex IV tRNA ligases ATP Synthase ETC, complex I (a) complex I (b)

RAB GTPases

Vesicular transport snRNPs Nuclear pore Nucleosome mito. 39S ribosome

Condensin Exosome rRNA processing

mRNA processing (a) mRNA processing (b) Cohesin DNA replication
